SEVENTH YEAR.

MAYSVILLE, KY., MONDAY, JUNE 13, 1898.

ONE CENT.

LARGEST IN THE CITY.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can toss over his counter free gifts of dry goods or clothes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

We Have!

Always contended for and maintain it is a fact that there is a higher order of intelligence evinced in the business of general merchandise by the people in this and nearby counties than most anywhere else. You will find few persons who do their shopping in Maysville who believe that \$4.98 will buy a \$12 suit of clothes. Our many years experience goes to show that people want good goods, and for which they are willing to pay a fair price. Our 1898 spring business proves that the higher the class of goods the reader they sell. Our beautiful Black and Blue Serge Suits (we sell them at \$15) have bounded into wonderful great favor with our good dressers. We have a beautiful line of them. The weather is getting right for our

Officer Wallace Raided a Wall Street Poker Joint Last Night.

About 9:30 o'clock last night Officer Wallace, in company with his little self and cane, stepped into the old brick building on Wall street that used to be occupied by a junk shop and walked up to a table, around which were seated Henry "Christmas" Smith, Charles Brazier, Alfred Hubbard, William Johnson, Spencer Hinton, James Bradford, Doc Small and John G. Carlisle, engaged in the fascinating "pastime" game of poker, and after watching them several moments got into the game himself by arresting the whole party.

The trial is set for 2 o'clock this afternoon before Judge Wadsworth and it is hoped they will be dealt with as strictly as possible.

A LEAKY BONNET.

Evidently This Democratic Politician Hasn't Heard From Mason County.

Saturday's Enquirer contained the following, and whoever the "well known politician" is THE LEDGER begs him to sew up that hole in his headgear until he hears from this neck of the woods.

"A well-known Democratic politician of the Ninth Kentucky District was at the Palace yesterday, and upon being asked about the political lay of the land for the Democratic Congressional nomination in that District, said: 'The Convention has been called to meet at Cynthiana August 10th. Mr. Mordca Williams of Boyd county and Mr. Hager of the same county are in the field with a number of others, but the sentiment in the District among the Democrats seems to be that Mr. Hanson Kennedy of Carlisle, Nicholas county, has more elements of strength than any other man, and while he is not out actively for the nomination it appears to me that owing to the general demand for him, he will be induced to become a candidate, and in that event he looks like a winner.'"

S. E. Parker, Sharon, Wis., writes: "I have tried DeWitt's Witch Hazel Salve for itching piles and it always stops them in two minutes. I consider DeWitt's Witch Hazel Salve the greatest pile cure on the market." Henry W. Ray, adjoining Postoffice.

HOME SADDENED.

One of Maysville's Christian Women Last Evening Passed to the Great Beyond.

The community will be shocked and pained to learn of the death of Mrs. Mary Dewees Poyntz, which occurred last evening at 9:30 at her home on East Third street.

Mrs. Poyntz about two years since had a severe attack of grip, which left her greatly weakened in health. For some time, though, she was much improved, and it was hoped she would gradually regain her strength. Yesterday she was feeling unusually well, in the afternoon answering some correspondence.

About 6 o'clock she was taken ill, and for about an hour suffered intensely, but later rested more comfortably until the final summons came.

In her death Maysville loses a consistent Christian woman, and her demise will be sincerely mourned.

Deceased was born at Washington, this county, March 6th, 1822, her entire life being spent in this vicinity. Her husband, the late Samuel B. Poyntz, died in 1890.

Four sons survive—Nat. of Orlando, Fla.; O. T. of Cincinnati, and Messrs. Charles B. and Ben B. of this city.

The funeral will take place tomorrow afternoon at 2 o'clock from the residence, the Rev. Howard T. Cree, Pastor of the Christian Church, conducting the services.

Burial at the Maysville Cemetery.

NEWS NOTES FROM NATURE'S GREAT HIGHWAY.

Pilot Edward McLaughlin reports a piece of sunken gear in the channel at McMahon's Bar, just below Belaire.

The Ohio river at Merrill is again giving the boats some trouble. They are unable to find a good channel there. Another bar has formed, and while steamers have been able to get by the place, the movement has been attended with much difficulty.

The Memphis, Cincinnati and New Orleans Packet Company's steamer Buckeye State, a few miles above New Orleans, broke a wrist and ran through both heads of her leeward engine. She was towed back and the disabled machinery repaired. She has a due cargo of freight aboard.

June 13th, 1896, two years ago today the veteran Commander, Captain Thomas P. Leathers, of Natchez fame, died in New Orleans of injuries received by being knocked down by a bicycle rider. He was aged 80 years and 1 month. A number of his relatives reside in Covington and Campbell county in this country. The deceased was born on the Leathers farm five miles back of Covington.

The City of Louisville of the Louisville and Cincinnati Mail Line set the pace a few years ago for speed on the Ohio and Mississippi rivers. Not content with having the fastest boat on Western waters, the management of the line has determined to have a better boiler feeder than is in use at present on the steamboats of these rivers. A trial of the Louisville's new steam will be made this week. The apparatus consists of a duplex pump which is guaranteed to pump against 400 pounds pressure, and a coil heater. The heater is upright and cylindrical about 40 inches in diameter and 10 feet high, and contains about 80 feet of copper wire. The water for the boilers is pumped into the bottom of the heater and taken out at the top, and the exhaust steam of the main engines is used, as in ordinary heaters, to heat the water for the boilers. The scheme is used with much success on lake steamers, and there is not much doubt that it will work to perfection on river steamboats.

The Cuban question and political issues sink into insignificance with the man who suffers from piles. What his most distressing, is relieved. DeWitt's Witch Hazel Salve cures piles. Henry W. Ray, adjoining Postoffice.

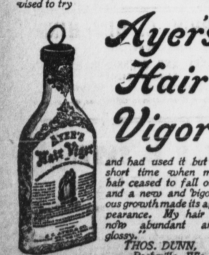

The exports of manufactured articles from the United States during the past ten months exceeded the imports by over \$40,000,000.

Hair

Hints

It is much easier to keep the hair when you have it than it is to restore it when it is lost. If your hair is "coming out," it needs instant attention. The use of AYER'S HAIR VIGOR will promptly stop the hair from falling, and stimulate it to new growth.

"Some years ago my hair began to fall out and I became quite bald. I was advised to try

Ayer's Hair Vigor

and had used it but a short time when my hair began to fall out and a new and more abundant growth made its appearance. My hair is now as thick and glossy as ever.

The two eccentricities, Seeker and Wilkes, will appear in a new sketch, and popular little Rastus will sing some songs. Go out and enjoy yourself. You get a delightful car ride and a ticket to the show for 10 cents.

SATURDAY'S STORM.

It Did Considerable Damage in Some Sections of This County.

The storm Saturday at 12 o'clock noon that was heard in this city was a damaging one in the Eastern and Southern portions of the county.

In the Eastern end fences were blown down, trees torn up by the roots, wheat blown and incalculable damage done to outbuildings and small shrubbery, and in some places the small streams took on the shape of small rivers and flooded residences along them. Half fell in large quantities.

In the Southern end of the county the storm was particularly severe.

Large trees were uprooted and buried quite a distance, while much damage was done to the wheat and other growing crops.

At midnight Saturday this city was visited by a severe electrical storm, accompanied by an extremely heavy downpour of rain.
